

YOUR BENEFITS

- ◆ Top quality mastics and nails allow durable shingle installation at minimal cost
- ◆ IKO mastics allow you to work in strong wind areas, on slopes greater than 60° and in colder weather conditions.
- ◆ IKO mastics are all 100 % compatible with IKO shingles
- ◆ IKO nails do not rust or damage shingles

Plastal® and Plastal Stick® are oxidised bitumen based mastics.

| Characteristics | Plastal Stick® | Plastal® |
|-------------------------------------|-----------------|-----------------|
